## Class 3851 Magic Suitcase Adventures

(Grades K-2)

This creative drama class teaches students how to begin developing tools in their actor's toolbox (body, voice, mind, and imagination). The teacher brings a "magic suitcase" to class. The teacher asks: What will we find in our magic suitcase today? The props, books, or toys that the teacher and student "find" in the suitcase determine where the students "travel" that day. Perhaps they will journey on a chilly trip to the Arctic, or maybe they will explore the jungle with the help of the book, *Where the Wild Things Are*. During this class, students use popular books as well as simple props and costumes to create characters and bring their own stories to life. Parents are invited to observe the last 30 minutes of the last class for an informal sharing where students share what they have learned in class.

## Class 3852 FUNdamentals of Acting

(Grades 3-5)

In FUNdamentals of Acting, students focus on creating sustainable and believable characters and truthful actions for the stage. Students participate in a variety of fun exercises, which work on physical control, human behavior observations, and realistic actions and reactions. Through games and activities, students build a strong and caring ensemble with their fellow classmates in order to promote an environment of trust where they can effectively explore, make big choices, and take risks with characters! The end of the semester culminates in short scenes which allow them to apply the skills they have been learning throughout the semester. Parents are invited to observe the last 30 minutes of the last class for an informal sharing where students share what they have learned in class.
